Enesta, are you handling this one since it's in connection with the GenX order?

OECA, thanks for getting this started. Our folks edited it, and this was OKed by Nancy Beck and Wendy C-H.

A TSCA § 5(e) Consent Order arises when EPA is reviewing a Pre-manufacturing Notice for a new chemical substance and has determined that:

Hi Linda—we received an inquiry from a reporter at [Circle of Blue](#) asking for some basic information about how TSCA 5(e) orders work (in connection to the DuPont order in NC). Our folks drafted this language as a response, but wanted to make sure the right folks in your shop had seen it before it goes out via OMR (Christie and Tricia are cc'ed on this email).

No hard deadline on this, but it would be nice to close this out in the next day or two. Greg Sullivan and James Miles are the SMEs on this if your folks have any questions.

Draft response:
